

When you need the

MOST COMPLETE LINE

of surgical products

6,000+ SKUS ALWAYS
IN STOCK

Expect more from your distributor.

Meeting the demands of your clinical and surgical teams requires instant access to the right products. With more than 6,000 suture, endomechanical, mesh and energy products in stock, the items you need are always ready to ship at Suture Express. We even carry thousands of non-core SKUs that comprise around 40 percent of your surgical inventory, so there's no such thing as an item that's hard to find, and everything is available the very next day. Just-in-time delivery helps you reduce inventory levels to lower carrying costs, so unlock the most complete line of disposable surgical products by switching to Suture Express today.

Next-day delivery plus a 99.4% fill rate enables lower inventory levels, which translates to lower carrying costs and a healthier bottom line.
